ATTN: Brian Barton, QC Manager

SUBJECT: Quality System Approval Recognition

Dear Mr. Barton:

Aurora Flight Sciences of West Virginia (AWV) has approved the Quality system of your company. We have concluded that your company has a quality system capable of compliance to Aurora Flight Sciences' Quality Management System as outlined in the enclosed Supplier Quality Manual. This approval is based on recognition documentation from BSI, Inc. Your company is now listed on our Approved Supplier List. In order to maintain an Approved Supplier status, you are required to immediately notify the undersigned of any change in approval status granted by BSI, Inc.

Approval of your quality system has been coordinated with, and effected through AWV quality management or their designee. This office must be notified promptly of any subsequent changes in personnel with primary responsibility for the quality function within your company; changes in company name; manufacturing location; and/or significant changes to process or inspection techniques. Additionally, approval of your facility obligates you, as well as any sub-tier suppliers you may utilize, to permit entry of AWV Quality Assurance representatives, our customers and regulatory authorities for audit and/or review of your quality/inspection system, manufacturing processes, inventory control and lot traceability.

This approval does not include or imply any authorization to perform the special processes that require separate qualifications and approvals as contractually flowed to and by AWV.

The retention of this approval is contingent upon continued compliance with AWV's quality system requirements. This approval does not constitute a waiver of any inspections, tests or other requirements of the contract, nor does it guarantee acceptance of the articles produced. This approval may not be reproduced for advertising or sales purposes, nor may this approval be used for the manufacture, sale, or shipment of any article to any company or individual other than AWV without AWV's prior written consent.

Questions regarding your quality system approval should be directed to AWV's Quality Department at (304) 842-8118 or (304) 842-8132.

Sincerely,

A handwritten signature in black ink that reads "Blake J. Russell".

Blake J. Russell
Director of Quality
